

## Visual Resources at Harvard

- Cataloging system (Olivia)
- Visual Resources catalog (VIA)
  - 640K records; 2.5M images
- Digital images stored in local preservation repository
- Several units contribute to hosted collections at ARTstor

## Why collaborate on Shared Shelf?

- 10+ year old systems in need of replacement
- Resource constraints
- Do we have the “right” model?
- Looking for better ways to share content, serve faculty needs
- Shared development of standards

CNI – December 2009

## Challenges ahead

- Migrating legacy data
- New workflows and staffing models
- Replacing “homemade” is always challenging
- Meeting the needs (and dreams) of faculty
